The Important Stuff, Done Right

We help you focus on the most actionable website traffic metrics - how many visitors come to your site, where they come from, and where they go.

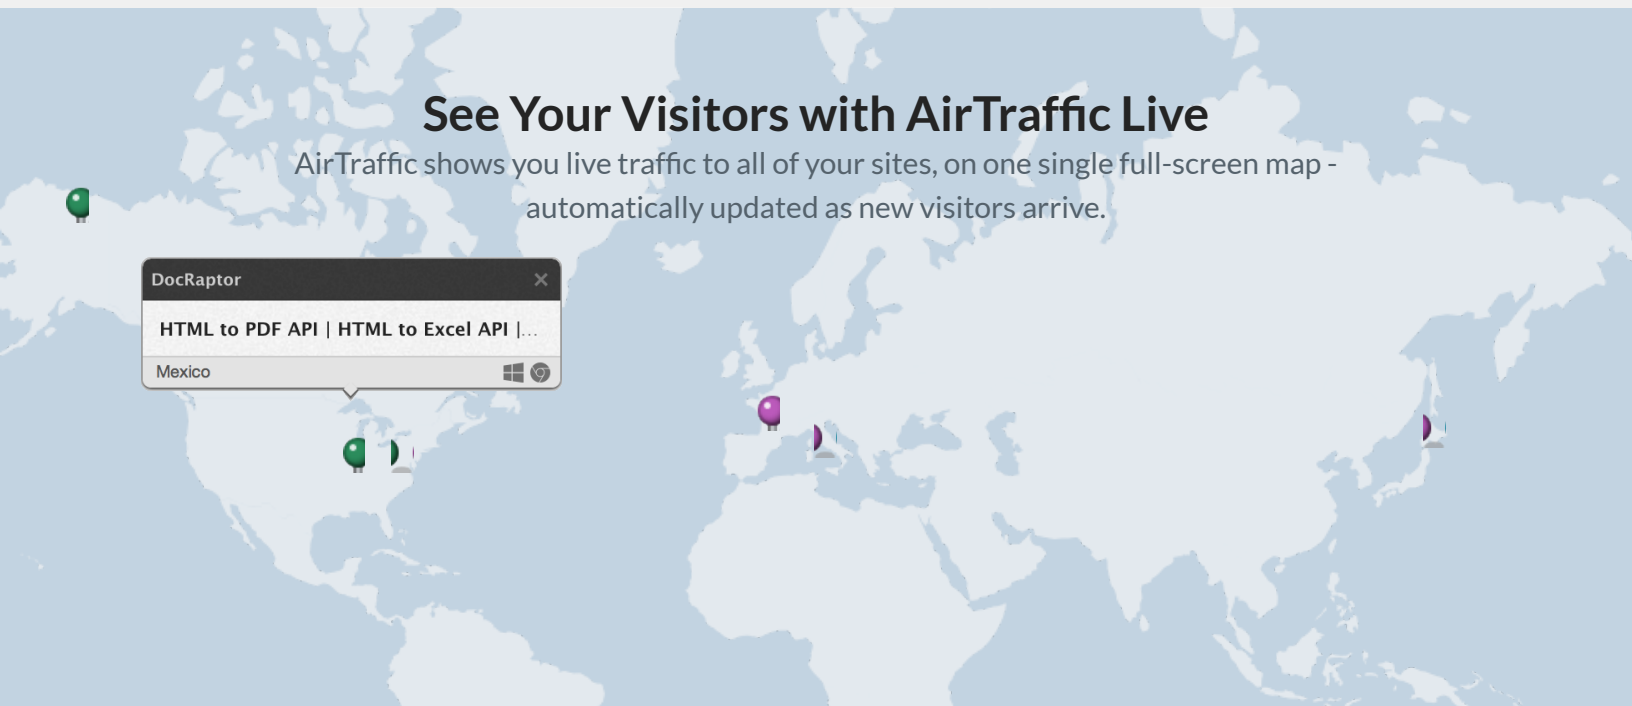

Real Time Web Analytics

Gauges is updated as each view comes in. You never even have to refresh the dashboard. No more waiting for today's metrics!

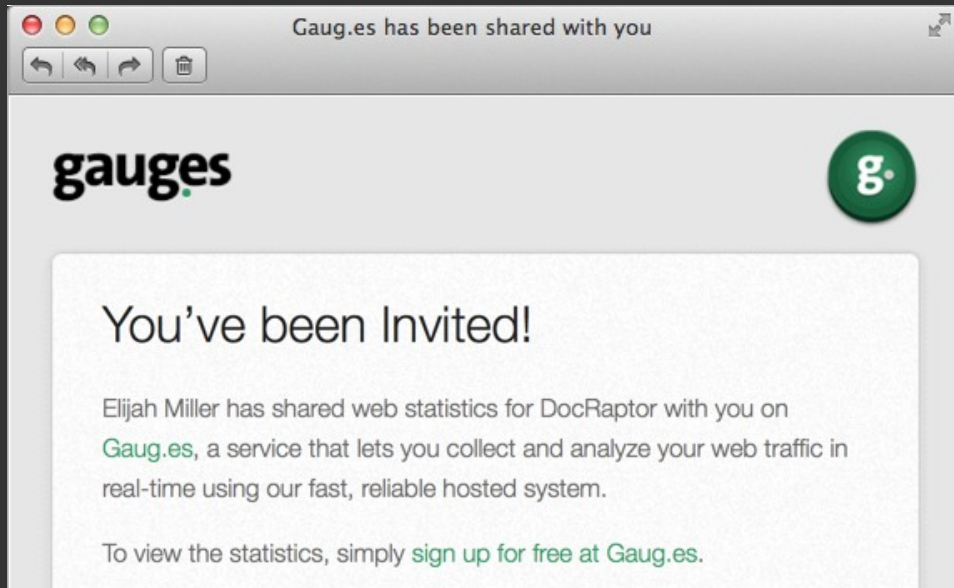

Gauges user friendly UI makes it easy to monitor multiple sites at once and get the info you need.

Quickly Share with your Team

We make sharing traffic data as easy as can be.

No access control lists or complicated permissions - just quick access to the important data.
